

## Erdreich White Fine Art

*We've worked with Elizabeth and her colleagues on several major projects over the past 5 years. Elizabeth has effected a dramatic transformation of our office environment by deftly applying her keen eye, extensive knowledge and appreciation for our own personal preferences and style. Elizabeth and her team are simply exceptional in every regard. They collectively fostered a real partnership that led us to achieve maximum impact with a realistic and controlled cost. Her entire team (including the installers!) made each of our projects an immensely enjoyable experience, and importantly, have beautified our work space for the benefit our employees, clients and friends. Elizabeth's clients are guaranteed an exceptional outcome and we cannot overemphasize the impact she has had on our business.*
