To Whom It May Concern,

We are very happy to provide an enthusiastic reference for Elizabeth Erdreich White. We have used her several times with excellent results. Elizabeth was originally recommended to us by our architects in Boston as someone who could help us use artwork to complete the design of our space.

Most recently she assisted with the selection, framing, and installation of several dozen pieces in our new offices in Washington DC. Prior to the DC project, we worked with her to establish an initial collection for our main office in Boston. When we expanded in Boston we also worked again with Elizabeth.

Elizabeth has excellent taste and was able to work with us to successfully develop the eclectic look we wanted. She has been very responsive and creative about addressing budget concerns and always shows us a range pieces at a wide variety of price levels.

We look forward to working with Elizabeth again in the future. I would be happy to discuss our experiences.

Sincerely,

James R. Gill
