To Whom It May Concern:

RE: Elizabeth Erdreich and Erdreich White Fine Art

I am pleased to provide this reference for Elizabeth Erdreich and Erdreich White Fine Art.

I have now worked with Elizabeth on at least 4 full sized projects (i.e. at least an entire floor of a building up to an entire building), as well as having purchased art for myself. All of the projects have been very successful and Elizabeth has been excellent to work with. Besides her knowledge of art and "stable" of artists from which she can draw artwork, Elizabeth has worked hard to understand what I am trying to accomplish by way of visual projection of our corporate branding/image or the visual effect we wish to project in a particular area. She also is very skilled in the spatial placement of the artwork. Finally, her recommendations on framing have turned out to good effect and her provider of framing services is also excellent.

She has accommodated me at inconvenient hours and in general nothing has been a problem for her in assisting us.

I can recommend Elizabeth's services unreservedly and would be happy to discuss this reference or any questions in regard to it. I can be contacted as per this letterhead.

Yours faithfully for
