To Whom It May Concern:

Re: Erdreich White Fine Arts/Elizabeth Erdreich White

Ladies and Gentlemen:

I am pleased to provide an excellent reference for Elizabeth Erdreich White.

I am the Managing General Partner of Boston Millennia Partners, a Boston based venture capital firm. In 1999, we moved to a larger space and purchased various mediums of art from Elizabeth. I immediately understood her commitment to both her clients and her other constituencies, her artists. This dual commitment lead to the quality relationship and service we were looking for at Millennia.

Working with Elizabeth to purchase twenty-five pieces of art over a thirty-day period, we had little time to waste. She quickly came to understand our needs, learning what type of art we were interested in while staying within our budget.

We consistently get very positive reactions to the pieces we chose. It is eclectic while still portraying a professional setting and helps our clients feel comfortable in an otherwise hectic business environment. I like the works we bought five years ago and I still like them!

I strongly recommend Elizabeth without reservation.

Best of luck building your collection,

Sincerely,

A. Dana Callow, Jr.
Managing General Partner
