Dear Elizabeth:

I continue to be amazed at the wonderful selections of art that you helped my firm select for our public spaces. I deeply appreciate the work you have done on behalf of Posternak Blankstein & Lund LLP and want to congratulate you not only on the fine job but your professionalism and upbeat personality. Notwithstanding that a horse designed by a committee can be a camel, we got the horse because of your patience and tact in dealing with some of our committee members. It is a pleasure to know you. I am only sad that we don't need more art at the moment.

With kindest personal regards.

Very truly yours,

David M. Saltiel
